Janine,

See the attached map. Althea would like a map made of the devastation area that we have assed as soon as possible. The areas with the X are complete devastation. The devastation on the north side of town goes all the way to the homes on the edge of town, but the initial map we have cuts a few homes off.

The areas with the S are Significant devastation areas. The other parts of the town that are unmarked have not been assessed at this time but will be at some point and will need to be added to the map.

Thanks

David Mc
